### Department of Family Medicine

In the Department of Family Medicine, Dr. Wooldridge provides comprehensive medical care for patients, with a focus on preventative care including health-risk assessments, immunizations, and screening tests. Additionally, he specializes in treating hypertension, diabetes, and ADHD.

*Christie Clinic has given me the opportunity to bring great health care to Bloomington. The resources available to me will allow me to practice medicine to the fullest.*

*The best part of Family Medicine is being a part of the community. I enjoy taking care of multiple generations of family members and getting to know each individual patient.*
