

# Meet Your Physician

# Daniel Ennis-Rosenblat, MD

*I want to help people of all different ages and backgrounds stay healthy through preventative healthcare and management of chronic diseases. It is important for me to listen to my patients and work collaboratively to help them take control of their health journey.*

## Why I Chose Healthcare

I was inspired to go into healthcare after seeing my paternal grandfather, a first generation American, navigate the healthcare system. I wanted to help others like him.

## Residency

Internal Medicine, Carle Health/Carle Illinois College of Medicine, Champaign, IL

General Surgery, Virginia Tech/Carilion Clinic, Roanoke, VA

## MD

Sackler School of Medicine, Tel Aviv, Israel

## Bachelor's Degree

Biology and Chemistry, University of Colorado at Boulder, Boulder, CO

## Certifications

Basic Life Support

## Professional Memberships

American College of Physicians

## Department of Internal Medicine

In the Department of Internal Medicine, Dr. Ennis-Rosenblat provides comprehensive medical care for patients 18 years and older with a focus on preventative care and management of chronic diseases.

*Outside of work, I enjoy cooking, trying new foods, gardening, going for walks in nature, and caring for our puppy.*
